

5U HyperShelf for 7 Lenovo ThinkStation P360 Ultras

SKU: 115-8939

Designed for data center environments and enterprise deployments, the Lenovo ThinkStation P360 Ultra HyperShelf allows you to rack mount 7 workstations per 5U of rack space. This rack mount shelf provides a lower installation cost per device that doesn't interfere with the power button or peripheral ports. We built the ThinkStation P360 Ultra HyperShelf to perfectly optimize space and airflow so that your ThinkStation P360 Ultras will last and perform. By using this rack shelf, you will be able to decrease deployment times and increase scalability.

Rack mount up to 7 ThinkStation P360 Ultras per shelf

- Increases operational efficiency with limited shelf space
- Integrated airflow ducting for optimal cooling and thermal efficiency
- Supports more ThinkStation P360 Ultras per rack than alternatives in the industry
- High-quality ball bearing slide rails with high capacity and full extension
- No power button or port interference
- 27" - 29.5" (685.8mm - 749.3mm) mounting depth range

HyperShelf for Lenovo ThinkStation P360 Ultra Features

- Rack mount 7 ThinkStation P360 Ultras per 5U rack space
- Extends out of the server rack for in-rack serviceability
- Built-in cable management for integrated tie points
- Isolated intake and exhaust ports
- Removable side panels for cable access and cleaning
- Integrated 120mm exhaust fan to increase air flow and cooling capacity
