RackSolutions® If we can't mount it, no one can.

5U HyperShelf for 12 Lenovo ThinkStation P3 Tiny Gen 2

SKU: 115-9112

Designed for data center environments and enterprise deployments, the Lenovo ThinkStation P3 Tiny Gen 2 HyperShelf allows you to rack mount 12 workstations per 5U of rack space. This rack mount shelf provides a lower installation cost per device that doesn't interfere with the power button or peripheral ports. We built the ThinkStation P3 Tiny Gen 2 HyperShelf to perfectly optimize space and airflow to enhance system performance and reliability. By using this rack shelf, you will be able to decrease deployment times and increase scalability.

HyperShelf for Lenovo ThinkStation P3 Tiny Gen 2 Features

- Rack mount 12 ThinkStation P3 Tiny devices per 5 rack units of space
- Extends out of the server rack for in-rack serviceability
- Built-in cable management for integrated tie points/pathways
- Isolated intake and exhaust ports
- Removable side panels for cable access and cleaning
- Integrated 120mm exhaust fan to increase air flow and cooling capacity
- Optional blanking plate to control airflow in the shelf

Note: To ensure optimal performance, we recommend deploying this product within a standard data center environment at or below 75°F (~23°C).
