

16U Office Cabinet

STRUCTURAL, SECURE, COMPACT, FLEXIBLE

RackSolutions' 16U Office Cabinet securely houses servers and other IT equipment, yet fits in a office environment. The 16U Office Cabinet is perfect for small businesses and branch offices with in-house IT departments but no dedicated data center space or network closet.

The 16U Office Cabinet includes security features that exceed the requirements of larger data center cabinets. The Office fully encloses equipment and has front & rear lockable doors.

UNIQUE FEATURES

- All doors open 180°
