

1U-7U Conversion Bracket 4-Pack

To ensure your equipment mounts properly with the 2Post Conversion Brackets, measure the chassis width with mounting rails to ensure it does not exceed 17.72". If it does, the brackets may not fit. The RackSolutions 2 Post, Center Mount Conversion kits (1U-7U) allow users to create 4 post cabinets on 2 post racks or mount 4 post equipment on 2 post racks. Designed for quick assembly, they support 3" and 6" uprights and are compatible with major server brands like Dell, HP, and IBM. These kits offer flexible server rack solutions, from single rackmount servers to entire server cabinets.

- Creates a 4Post rack in a 2Post rack
- Only convert the space you need
- 1U, 2U, 3U, 4U, 5U and 7U size brackets available
- Compatible with many Dell, HP, IBM, other equipment
- Preferred 2Post mount by OEM manufacturers
- Weight capacity: 50 lbs per rack unit
- Hardware Included
