

RackSolutions®

If we can't mount it, no one can.

Universal Blanking Panels (19in)

Control Airflow In Your Rack

- Prevents the mixing of hot and cold air to improve equipment performance
- Conceals empty spaces in the server rack for a clean and professional look
- Stability Flanges increase panel rigidity, reducing vibration and noise caused by airflow

Blanking Panels Suited for Any Rack Environment

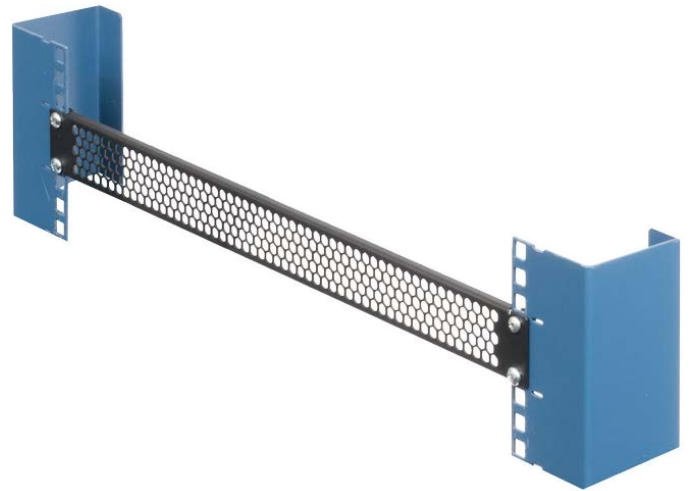

Universal Blanking Panels: Installs in any 19" rack any hole using a Phillips head screwdriver

Tool-less Blanking Panels: Provide fast installation (no tools required), but only work in square hole racks

Snap-In Tool-less Blanking Panels: Plastic blanking panels that just "snap-in" for quick, budget-friendly solution (square hole only)

Vented Blanking Panels: Allow air to pass through while still giving the rack a clean look

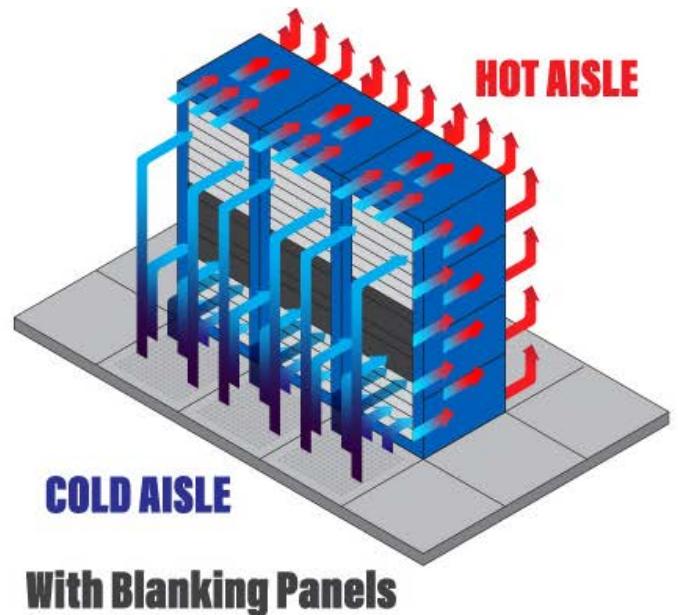

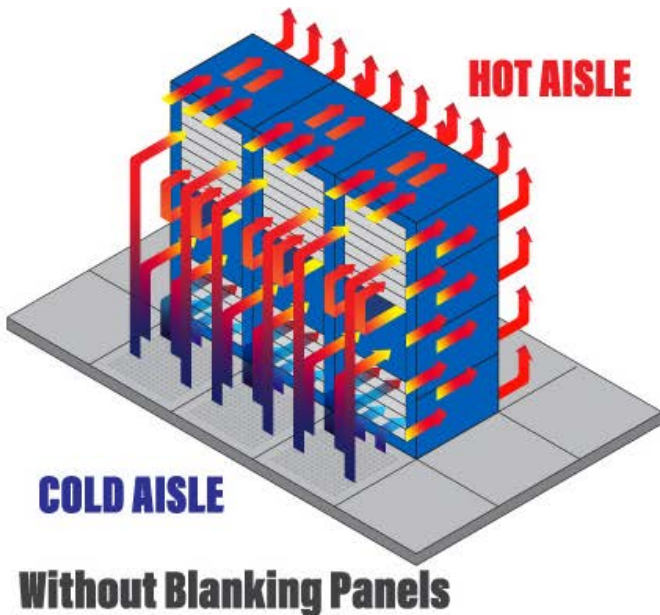

Conceals Empty Spaces

Here is an example of how blanking panels can cover up un-occupied rack spaces to give the rack a clean look.

How Blanking Panels Help Direct Rack Airflow

Blanking Panels, also called “filler panels”, are used to control the airflow inside of server racks. Without blanking panels, the hot exhaust air from the rear of the servers will recirculate through empty spaces in the server rack into the air intakes on the front of the servers. This reused hot air will significantly reduce the cooling efficiency of the system. Filler panels are the easiest and first step towards achieving your Power Usage Effectiveness (PUE) goals.

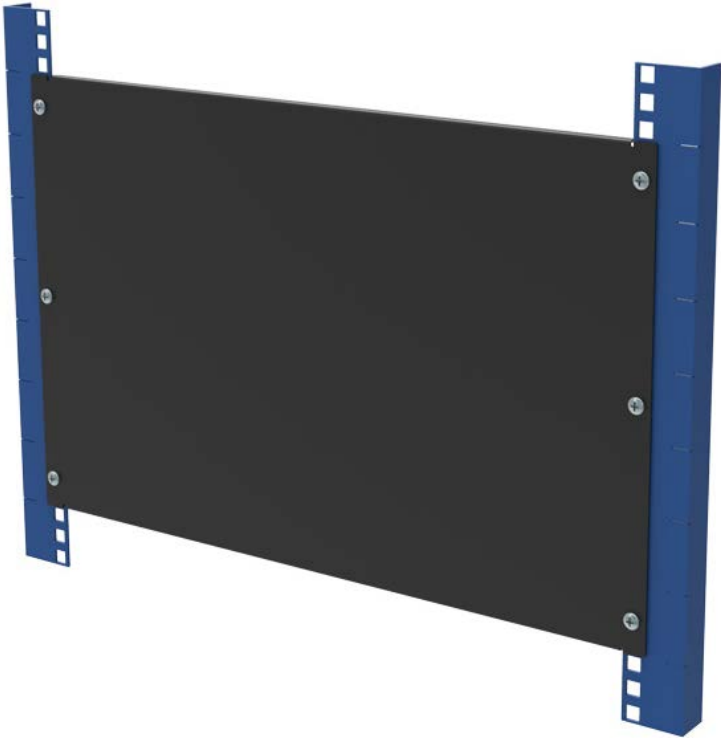

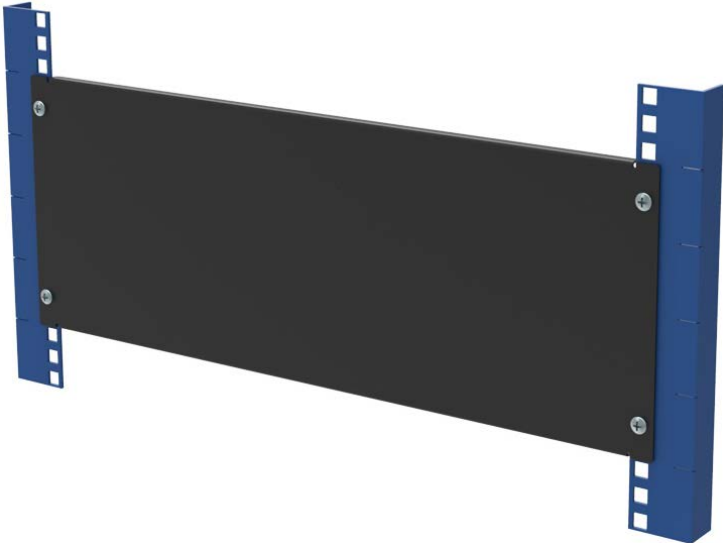

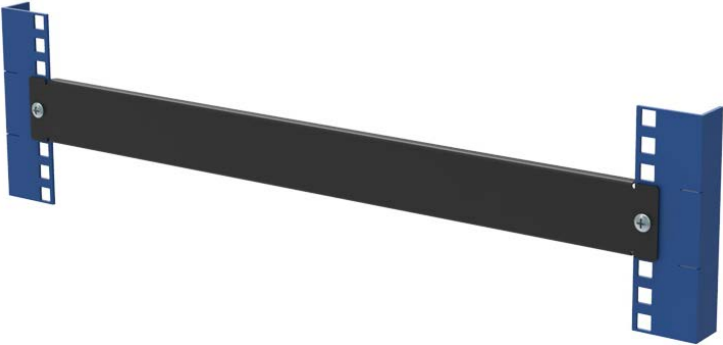

Unlike many products on the market, RackSolutions Filler Panels use an innovative stability flange design to prevent airflow from flexing the filler panel. This reduces noise and vibration when a high amount of air is pushed into the filler panel.

Along with the increase in airflow efficiency, RackSolutions filler panels give your rack a seamless and professional appearance. All our blanking panels are compatible with all EIA Standard 19" racks and cabinets.

Universal Blanking Panels

P/N	Description
102-1822	1U Blanking Panel
102-1823	2U Blanking Panel
102-1824	3U Blanking Panel
102-1825	4U Blanking Panel
102-1826	5U Blanking Panel
102-1827	6U Blanking Panel
102-1828	7U Blanking Panel
102-1853	18U Aluminum Blanking Panel

Custom Products, Quality Engineered.

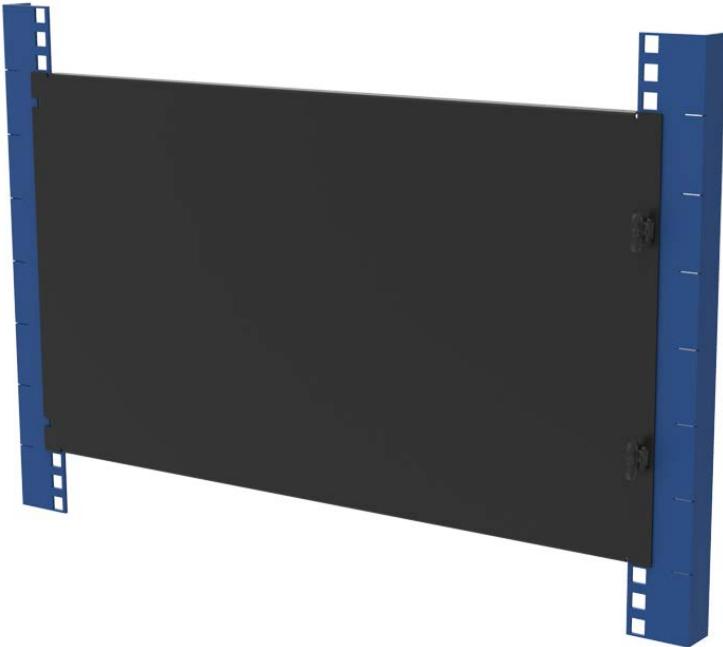

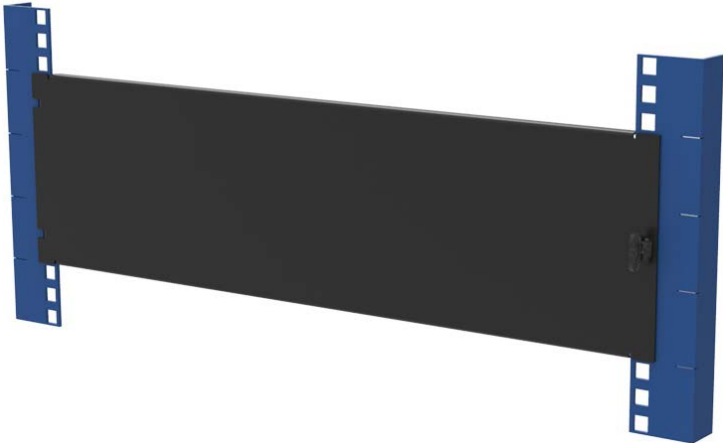

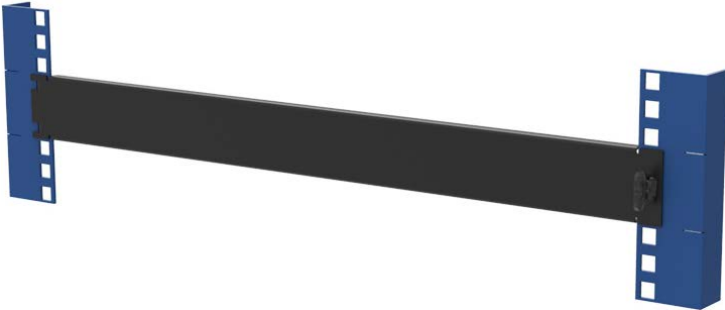

Universal Vented Blanking Panels

P/N	Description
102-1881	1U Vented Blanking Panel
102-1882	2U Vented Blanking Panel
102-1883	3U Vented Blanking Panel
102-1884	4U Vented Blanking Panel

Custom Products, Quality Engineered.

Tool-less Blanking Panels

P/N	Description
102-1474	1U Tool-less Blanking Panel
102-1475	2U Tool-less Blanking Panel
102-1476	3U Tool-less Blanking Panel
102-1477	4U Tool-less Blanking Panel
102-1479	6U Tool-less Blanking Panel

Snap-in Tool-less Blanking Panels (Plastic)

P/N	Description
102-5745	1U Economy Tool-less Blanking Panel
102-5746	2U Economy Tool-less Blanking Panel

Brush Strip Blanking Panels

P/N	Description
180-5265	1U Brush Blanking Panel

Custom Products, Quality Engineered.
