

Portable Racks

Model 117-12

Optional Cover

Optional Lifting Handles

Description

The Portable Rack was engineered to provide small business with a portable server rack. This portable rack is compatible with any 19" rack equipment including Dell, HP, IBM, and Super-Micro servers. The rack's adjustable mounting depth is 19" - 29", and it has the capacity to hold up to 540lbs of equipment. It is strong enough to support monitors, printers, and other equipment, and its sides are designed with louvers to improve cooling.

Great For:

- Under desk rack
- Small office environment
- Light Transport
- Home offices
