

# Open Frame Server Rack

## Application

This open frame rack is designed to rackmount equipment such as servers, patch panels, KVM switches, and desktops, and are fit for a variety of work environments such as schools, offices, and labs. The open frame design allows unobstructed airflow and increases accessibility, making equipment installation and maintenance easy. The rack is self squaring, making assembly quick and painless. Optional casters can be purchased separately to allow easy transportation of your rack. A Rack Top and side panels also available separately, which can protect your rack from dust and debris. The open frame server rack meets EIA-310 standards, is UL certified, and RoHS compliant. All hardware is included.

| Part Number | Description                |
|-------------|----------------------------|
| 111-4617    | 5U Open Frame Server Rack  |
| 111-2257    | 16U Open Frame Server Rack |
| 111-1720    | 24U Open Frame Server Rack |
| 111-1721    | 30U Open Frame Server Rack |
| 111-1722    | 36U Open Frame Server Rack |
| 111-1723    | 44U Open Frame Server Rack |
| 111-1724    | 50U Open Frame Server Rack |
| 111-1767    | 55U Open Frame Server Rack |
| 111-4607    | 58U Open Frame Server Rack |

## Technical Specifications

|                 |  |             |   |
