

Colocation Cabinet

Model 141 Colo

Description

The Colocation Cabinet provides 4 secure compartments for tenants to share a single cabinet all with 3 dial combination locks and key access, as well as secure cable channels in each compartment. The Colocation features a robust steel frame and 11U usable space per compartment. This cabinet also offers secure channels that are compatible with overhead and under floor structured cabling products.

Part Number	Description
141-2602	Colocation Cabinet (2 compartments)
141-4977	Colocation Cabinet (3 compartments)
141-4073	Colocation Cabinet (4 compartments)

Maximize Data Center Floor Space

This is a colocation cabinet meant for data center environments where the customer does not require a full cabinet.
