

# 48U High Capacity Vertical Cable Manager

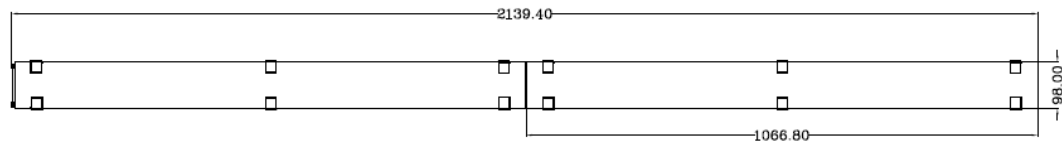

## Application

The 42U Vertical Cable Manager is designed to fit our 800 mm wide Lone Star Racks up to 42U high. It includes an easy to remove double-hinged front cover, T-shaped plastic finger duct, and cable pass through holes for high density cable management. The vertical cable manager comes in 2 sections, each 24U high, 3.85" wide and split into two sections to allow for multiple installation options.

## Features:

- Tool-less cable manager
- Only fits 800mm wide Lone Star Rack
- Removable front cover
- T-finger cable duct
