Global company - small town service

Custom Engineering

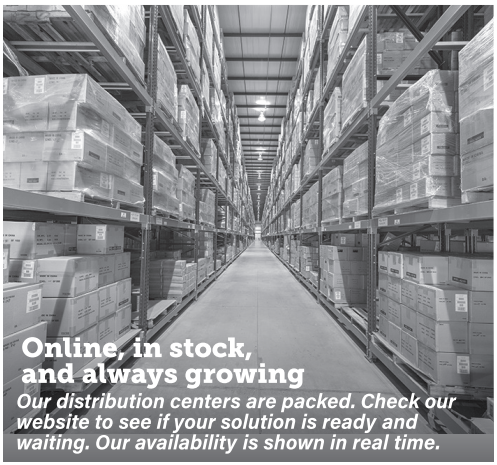

Our top notch (in-house) mechanical and electrical engineers are available to solve your toughest custom design challenges.

On-Site Manufacturing

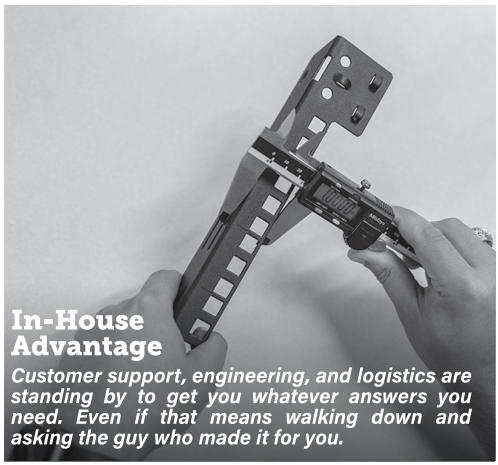

Our manufacturing facility is on-site at our Texas headquarters. If we send them a drawing in the morning, we can have parts ready to ship-out that evening.

Online, in stock, and always growing

Our distribution centers are packed. Check our website to see if your solution is ready and waiting. Our availability is shown in real time.

In-House Advantage

Customer support, engineering, and logistics are standing by to get you whatever answers you need. Even if that means walking down and asking the guy who made it for you.
