

Dell FX160 and Monitor Wall Mount

Installation Instructions

Kit P/N: RETAIL-DELL-WALL-007

Kit Contents

Assembly Components:

- (1) Main Bracket
- (1) Cover
- (1) Pivot Assembly

Wall Mount Hardware Package:

- (4) Pan Head Screw
- (4) Anchors

Monitor Hardware Package:

- (8) Nylon Spacers
- (5) M4 x 10mm Pan Head Screws
- (5) M4 x 18mm Pan Head Screws
- (5) M4 x 25mm Pan Head Screws
- (5) 8-32 Flat Head Screws

PC Wall Mount Installation Instructions

Step 1. Determine Location: Select appropriate location on the wall. Consider cable routing and length.

Step 2. Mark Hole Positions: Hold the base in position and mark 4 hole positions with a pencil.

Step 3a. Install Drywall Anchor: Install one drywall anchor at each hole mark. Using a #2 Phillips head screwdriver press the anchor into the drywall while turning clockwise until it is seated flush with the wall.

Step 3b. Install 4 Screws: Leave 1/4" of each screw protruding out of the wall.

- Step 4. VESA Monitor Bracket Attachment:** Turn the monitor face down on a large flat surface. Locate the four VESA mounting holes on the rear of the monitor.
- a. **Determine if spacers are required:** Some monitors have a "recess" on the rear surface. Spacers are provided to fill this gap. See Table A for spacer length options.
 - b. **Determine Screw Length:** Only use the metric M4 screws provided. Screw length is determined by the spacers used (see Table A).

Table A

Recess Depth	Spacer	Screw	
0	No Spacer Needed		10mm
.250 (1/4)			18mm
.500 (1/2)			25mm

Screws and Spacers are Shown to Scale

- Step 5. Monitor Bracket Attachment:** Remove the main Bracket if it is attached to the wall before continuing with this step. Mount the Monitor Assembly through the Main Bracket using the (4) 8-32 Flat Head screws.
